Canada Border Services Agency (CBSA) Marine Carrier Code Application and CBSA Bond

Further to my previous message of last week, I am pleased to provide detailed information for making an application to CBSA for a Marine Carrier Code and Carrier Bond using SIGCo's Carrier Bond Procurement System. In this regard, I attach the following documents:

1. SIGCo Carrier Bond Procurement system application for CBSA Carrier Code and Bond
2. SIGCo CBSA Carrier Bond Procurement Agreement
3. Special Power of Attorney
4. SIGCo CBSA Carrier Bond System Terms and Conditions

Please complete and execute documents 1, 2, and 3 and return to SIGCo or your broker/agent as applicable. Document 4 is for your information, and will also be posted, along with the other documents, on our web site soon.

The application form, designated number 1 above, includes some detailed information and instructions to assist with completion of the forms, Power of Attorney and details of charges. We are ready to accept and start processing applications, though turn around initially may take a few days as we refine the process.

I'd like to take this opportunity to wish everyone season's greetings and best wishes for the New Year.

Best regards

Neil Clemens

President,

SIGCo
